Service Hours in ECS Middle School

As a part of Edgewood Campus School's religion curriculum, the component of service is an expectation of students in grades six through eight. "We believe that the religious development of each student should be exemplified by service to the school community, as well as the civic community" (ECS religion curriculum). Opportunities for service are varied, but please discuss projects with your homeroom teacher prior to beginning a project. Service for this school year should be from May 31st, 2023 - May 17th, 2024.

Frequently Asked Questions

Can I hand service hours in late?

Yes, but you will not get credit for the trimester grade. Service hours are divided up and due on the dates listed above. Old dates for service will not be accepted for another trimester.

When does the service have to be completed to count for the trimester?

Any service completed between May 31st, 2023 through May 17th, 2024 can count for the year. You will need to follow the chart above for each trimester grade. If you turn in hours after the dates listed above, they can be counted for the following trimester.

What if I have all my hours accounted for in the summer? Do I still have to complete service hours for each trimester?

We are so glad that so many of our students serve during the summer. If during the summer months you completed the number of hours you need for your grade level, you may be done completing your service for the year. However, there will be many opportunities throughout the school year for you to go above and beyond. There may be additional rewards for you and your classmates by doing extra service work.

For specific questions not covered here, please ask your religion teacher.
